

NATIONAL AUTHORITY FOR CHILD CARE

May 5, 2022

To : Central Authorities and Accredited Foreign Adoption Agencies
From : National Authority for Child Care
Subject : Raising funds for children for intercountry adoption

Dear Partners:

It has come to the attention of the National Authority for Child Care (NACC) that there are some Prospective Adoptive Parents (PAPs) who raise funds or solicit donations for adoption or placement of children for intercountry adoption.

NACC strongly disapproves this practice and requests Central Authorities and all accredited Foreign Adoption Agencies to be very vigilant and immediately report any activities conducted by PAPs to solicit funds for children at any stage of the adoption process.

Thank you for your continued support and cooperation.

Very truly yours,

Glenda D. Relova
Executive Director V
